

District 47

Southeast Florida and the Islands of the Bahamas

Greetings from Toastmasters – District 47!

Dear Friends & Colleagues:

Toastmasters International is a world provider of dynamic, high-value experiential communication and leadership development. Our global organization provides positive self-development to more than 270,000 members attending one of the 14,200 clubs in 148 countries. Since 1924, Toastmasters International has helped millions of individuals to become more effective communicators and leaders. The effectiveness of the Toastmasters Educational Program is evidenced by more than 6,000 organizations that sponsor in-house Toastmasters Clubs to supplement training and development initiatives for their employees. By encouraging self-development programs within local organizations, employees become more engaged resulting in greater productivity for the entire organization.

This year is incredibly special as Toastmasters celebrates it's 100th year where it all started, Anaheim California. Toastmasters is one of the few organizations where members can enhance their communication and leadership skills in a safe environment. I am proud to be part of an organization that lifts people up and provides them an opportunity to reach for the stars.

District 47 – Southeast Florida and The Bahamas – is home to over 3,300 Toastmasters in 139 Clubs. Our leadership team supports members from the Treasure Coast to the Florida Keys and crosses over to support members in the Islands of the Bahamas. District 47 is proud to host the hybrid 2024 Annual Conference for the benefit of all members as well as non-members. The 8-day event, April 27- May 5, 2024, will inspire participants to “expand their horizons” by immersion in an event filled with educational activities, speech contest competition, and the annual election of our future leadership team. This Conference will showcase keynotes by an Accredited Speaker and Past International President.

We are seeking your support by presenting you with sponsorship, advertising, and donation opportunities to help us continue to deliver educational programs to our members, businesses, and the community. As a token of our appreciation, we are honored to provide you with the benefits outlined in the attached Sponsorship Document. Some of these benefits may be shared with your key personnel to encourage their participation.

The members of District 47 thank you in advance for your support! We appreciate the opportunity to bring skill-building programs to our local community.

Yours in Service,

Lois Margolin, DTM
District Director, District 47
